Tough water curbs imposed

By JIM JONES

Glades agricultural water users got only bad news when John R. Maloy, executive director for the South Florida Water Management District, spelled out water restrictions at Clewiston's John B. Boy Auditorium Thursday, Oct. 22.

District officials said that the water situation is so bad that they are prepared to go the "full route" legally to ensure compliance.

Under guidelines announced Thursday, water will be apportioned to agricultural users weekly.

The new guidelines went into effect Friday, Oct. 23, at 4 p.m. as hurricane flood gates for the Hillsboro, Miami River, New North Miami, St. Lucie and West Palm Beach Canals were opened to bring canal surface elevations to 10 feet.

Agricultural water users were banned from tapping into the recharged canals until Sunday, Oct. 25, at 7 a.m. so that canals would be replenished along their entire length.

Maloy said that he wants to give the most distant agricultural users the same shot at limited water supplies as users next to Lake Okechobee.

Water management district officials made spot checks this

EMPHATIC Jack Maloy

weekend to ensure that no water user tried to recharge his agricultural ditches prior to 7 a.m. Sunday.

Last October, the level of Lake Okechobee was 14.57 feet. Thursday, the level was 11.73 feet. Up until now, Lake water users have faced "nothing as tough as what's ahead of us," Maloy said.

"There is not enough water in the system to meet all the demands," Maloy told the ranchers, farmers and news media representatives who had crowded into the auditorium to hear the bad news about the upcoming dry season.

"The question is, 'How do you [Continued on Page 2]

League optimistic on price supports

By AILSA DEWING

Florida's sugar industry is optimistic that a price support of at least 18 cents a pound will be included in the federal farm bill after it's reworked next month by U.S. Senate and House committees.

Committees from both houses are slated to meet together in early November to reconcile differences in a four-year farm bill. The Senate included the 18-cent sugar support price in its version, approved 64-31, last month. The House, however, deleted the sugar program in its farm bill which passed 213 to 190 this month.

Optimism that the sugar price support will be included in the bill's final version was expressed this week by Dalton Yancey, general manager of the Florida Sugar Cane League. He noted that the Senate vote was 2-1 in favor of the program and that the House vote was "closer than it appeared."

Additionally, Yancey said, "It appears that 18 cents is agreeable to the administration, if we're reading the smoke signals right."

Provisions in the Senate bill would permit government loans to processors of 18 cents a pound beginning with the 1982 crop and annual increases of one-half cent thereafter. Loans would have to be repaid with interest by Sept. 30 each year or the sugar would be forfeited to the government.

According to League statistics, the last time the U.S. had a domestic sugar loan program (1977-1979), "the government netted over \$67 million from the sale of forfeited sugar."

At present, sugar prices are supported at 15 cents a pound through import fees set by the administration.

"Because there has been no domestic sugar policy in place for the last two years, U.S. consumers have been at the mercy of a volatile world market," according to a Florida Sugar League statement.

Worldwide, sugar prices in the past year have ranged between a low of 12 cents and a high of 45 cents a pound. Because other countries control sugar imports, "homeless" sugar from around the world comes into the U.S. market. In times of surplus, U.S. producers claim they suffer the results of overproduction and low prices created by the imported sugar.

Opponents of the price support contend that every one-cent increase in the support price costs consumers an additional \$300 million.

Rep. Dan Akaka of Hawaii (Dem.) argues that guaranteeing a domestic sugar support of 18 cents a pound will create long-term stability rather than erratic price fluctuations.

Manager rejected

By JEFF BROWN

PAHOKEE — Pahokee voters in a non-binding referendum Tuesday, Oct. 27, rejected a proposed change in the city charter.

The proposal, which was defeated by a vote of 138-150, would have permitted the town council to draw up a more detailed proposal to change the city's form of government from the present type to a city manager type.

That proposal would have been offered in a binding referendum as early as January.

Under Pahokee's form of government, the mayor, council members, city clerk and city marshal are elected.

If the proposed city charter change had passed, the city marshal, city clerk and city council members would have been elected. A mayor and vice-mayor would have been appointed by the council members from among themselves. The council would also have hired a city manager.

The result of the original count in the vote was 138 for the change and 149 against, but Councilman George Tillis asked for a recount. The result of the recount increased the votes against the proposal by one.

The result of the referendum destroys any chance of the proposal being brought before the council or the voters "for the next few years," according to council President George Rashley.

SFWMD considers allocation change

By JEFF BROWN

The South Florida Water Management District is expected to hand down its decision late Wednesday, Oct. 28, on whether changes must be made in its agricultural area allocation plan.

Representatives from the agricultural area and the district met in West Palm Beach to critique the first week's allocation, according to Joe Schweigart of the South Florida Water Management District.

The agricultural group voiced concerns that the low canal levels will not keep the water table above the rock during the sugarcane harvesting season, thus increasing the risk of mud fires, according to Schweigart.

The group was also concerned with the lack of water for the scrubbers in the sugarcane smoke stacks, he said.

"It was a critique of the first week," said Schweigart. "The critique was positive, there were no hard feelings. We basically were good listeners. We are at this point in time rethinking our procedures for the next allocation. At this point, we haven't determined what if any changes will be made."

"You still have the problem of only so much water to go around," he continued. "What we proposed was an experiment. This was a critique of the first week of that experiment."

The district last week announced plans to release water from Lake Okechobee once a week, on Fridays, to bring the canal level to 10 feet. Farms would not be permitted to remove water from the canals until 7 a.m. Sunday.

The plan went into operation last week.

City orders study of county plan

By JIM JONES

Concerned by what they view as county infringement on city rights, Belle Glade City Commissioners Monday, Oct. 26, directed their attorney to prepare a study of the Palm Beach County comprehensive plan and how it impacts on city zoning matters.

The county's comprehensive plan became an issue earlier this month when the county planning department recommended that the county commission veto a proposed development behind Glades General Hospital.

Mayor Thomas Altman said that the study should address how the comprehensive plan af-

fects city annexations. He asked for suggestions on changes in areas where the county's "super position" is less than desirable for city operations.

City Manager Rolfe Wagner said that the county's position regarding city planning and zoning matters is the most "blatant" involvement of county government in city affairs that he has ever experienced.

The county planning department has indicated that it recommended denial of the annexation because of the increased traffic that would be generated at the intersection of State Road 827A and State Road 80.

Development proposed for

the area includes single family residences, duplexes, fourplexes, and businesses.

A state law prohibits increasing the density of an area in the county for two years after an annexation. Under current law, the earliest the property could be developed is 1983.

The city finds the restrictions repugnant because they would virtually choke off new growth.

The vote to have City Attorney John Baker study the county guidelines was approved by a unanimous vote by Commissioners George Goforth, Bill Grear and Mayor Altman. Commissioners Claude Tindall and Charles

Goodlett were out of town Monday.

In other business Monday, commissioners:

✓ Authorized Attorney Baker to negotiate with the county on a traffic control light for the intersection of Duda Road and SR 80.

As a proposed agreement for operation of the light is currently written, city commissioners believe they would be in a weak legal position should an accident occur due to light malfunction.

✓ Authorized the signing of a library service agreement with Palm Beach County. Commissioners instructed that the proposed agreement

be modified to ensure that the Belle Glade municipal library receive not less than \$9,000, 75 percent of which is to be in the form of permanent material.

City Manager Wagner said that he had received verbal assurance from the county librarian that the contribution to the city library would be at least as great as last year's contribution - \$8,000.

But commissioners were concerned about this point as a dollar amount was not spelled out in the proposed agreement.

Mayor Altman said that verbal assurances would not be a satisfactory agreement for an amount of money for any other matter where city business is

concerned.

"I would just like to include in here a particular dollar amount that the City of Belle Glade would receive," he said.

✓ Heard a report from City Planning and Community Development Director Remar Harvin on a meeting he had had with local developers.

Harvin said he discussed South Main Street sewer service area improvements with the developers who would benefit from the improvements.

Harvin is hopeful that the developers will be willing to participate financially in preparing a master plan for the

Water—

dole out the supply on an equitable basis?" Maloy said.

Maloy said that in response to the problem, the District has adopted "supply-side water management" to cope with the drought.

He called it a reasonable approach, but admitted he lacked all the answers and invited comment from those present.

"We're in this thing together. We're talking to you and expect you to talk back to us," he said.

Maloy said much depends on the weather. Lakes in the upper Kissimmee River Valley are 2 to 2 1/2 feet below schedule as are Lake Okeechobee and the conservation areas, except Conservation Area Three, which is one-half foot below schedule.

To conserve water resources, the District plans to break the lower East Coast away from Lake Okeechobee water supplies until April, Maloy said.

"While coastal canals are at near normal levels as we enter the dry season, they will begin to drop due to natural evaporation and seepage. The District will not release water from the Water Conservation Areas to replenish them unless it is earnestly needed to combat an imminent threat of saltwater intrusion. This will allow winter coastal rains to be caught and held in the coastal canals instead of being dumped into the ocean. Similarly, agricultural canals will be allowed to recede below optimum levels, in effect, restricting the water available for agricultural use," read an official release distributed at Thursday's meeting.

The district is assuming control over several water supply structures which are normally controlled by drainage districts, private landowners, and other agencies to keep a tighter rein on the water released into the system.

Maloy announced that Joe Schweigart, deputy director of field services, will concentrate on drought management to the exclusion of his other duties until the crisis passes.

"It doesn't take a PhD to see there are serious problems facing water users," Schweigart said.

The goal of supply-side water management is to ensure that the lake does not fall below 9.8 feet below June 1, 1982, Schweigart said.

Based on a predicted water availability of water, the district will allocate 30,000 acre feet of water Nov. 1, when the lake level is expected to drop to 11.67 feet.

The allocation for Dec. 1, Jan. 1, and Feb. 1 is expected to be 25,000 acre feet each month, increasing to 30,000 acre feet in March, 50,000 acre feet in April and 30,000 acre feet in May.

The November allocation will actually be spread over a five week period, with the first releases of water beginning Oct. 31.

The releases scheduled to begin last Friday were to result in 1,200 acre feet of water going into Miami Canal Gate No. 3, 2,400 acre feet of water going into the Hillsboro Canal Gate No. 4, 1,100 acre feet of water going into West Palm Beach Canal Gate No. 5, and an allocation of 700 acre feet of water for all other users, including the Caloosahatchee River.

Schweigart said that some of the problems remaining to be addressed

Christmas bazaar is planned

BELLE GLADE—The Ladies Auxiliary of the Church of God in Belle Glade at 301 N.E. Ave. E. will be having a Christmas Bazaar on Nov. 7th in the Fellowship Hall from 9 a.m. to 2 p.m.

The bazaar will include many gifts suitable for Christmas. There will also be a salad bar from 11 a.m. until 2 p.m. featuring many homemade baked goods.

The Ladies Auxiliary invites the community to come and enjoy the bazaar.

(Continued from Page 1)

include providing cooling water for sugar mills and maintaining high enough water tables to prevent mud cracks when cane fields are burned.

Drilling supplementary wells for ground water may be one answer, he said. "We will cooperate in any manner we can."

Schweigart said that the allocation system can be expected to change, depending on rain and other variables, and that information would be disseminated to local radio stations. Notices will also be published in area newspapers, he said.

Schweigart said that if the District finds out that persons are using water without a permit, water withdrawal will be denied that person.

The District is prepared to go the "full route" legally to obtain compliance with restrictions, Schweigart said.

No restrictions are planned for towns around Lake Okeechobee as per capita use is already low compared to coastal areas, he said.

In direct reference to the close relationship which has been built up between District officials and agricultural users, Maloy said, "It's ridiculous to say that if you don't cooperate I'm going to put you in jail."

Maloy said that he finds himself in an uncomfortable position, but one that is essential for ensuring the equitable distribution of water.

"I don't like the prospect of dealing with people in an adversary role. But I have no choice. The role falls to me to ensure that the plan is complied with," he said.

"This is damned serious," he said.

Schweigart said South Florida finds itself in a situation similar to "Out West where they have canal riders."

Dalton Yancey, executive director for the Florida Sugar Cane League, asked about conservation measures for Florida's populous lower east coast.

At the District's November meeting, the District will be making cutback recommendations, Maloy said, noting that the lower east coast faces problems with saltwater intrusion.

One of the questions posed to Maloy Thursday was that the water allocations for the first few months of the sugar cane harvest might be inadequate.

"How much front end loading risk are you willing to accept?" Maloy answered. "The nasty thing is that drought feeds on itself."

Maloy said that he is willing to discuss providing the bulk of water allocations early if sugar producers so desire.

"I'm not going to put myself in the position of trying to dictate to you," he said.

Maloy said that one result of the current drought might be a change in thinking on back pumping into Lake Okeechobee.

Some environmental groups have opposed backpumping on pollution grounds.

Maloy said that he has always believed that Lake Okeechobee is the most effective storage area for excess water.

THIS NEW MAGIC CHEF ELECTRIC RANGE OFFERS 12 BIG STANDARD FEATURES AT ONE UNUSUALLY SMALL PRICE.

1. Spill-catching seamless cooktop has a raised edge so spills don't get away from you.
2. Lift-up cooktop makes it easy to clean underneath.
3. Removable surface units. Heating units unplug and bowls lift out for easy, safe cleaning.
4. Removable oven door so you can get up close to clean inside the oven.
5. Increased energy-saving insulation keeps heat inside the oven and helps save energy.
6. Spacious storage drawer is bigger than before. A neat, convenient place for your favorite pots and pans. Removable for sweeping underneath.

This new Magic Chef has these 12 standard features other manufacturers charge extra for. Right now at this low price.

7. 2-piece broiler pan is deep enough to make gravy in. Porcelainized for easy cleaning.
8. Chromed self-lock oven racks are sturdy enough to hold up your heaviest casseroles.
9. Large elements for your large pots and pans.
10. Signal lights remind you that oven or surface units are on.
11. Infinite heat. Ten settings as a guide to the right temperature.
12. 4-leg-levelers make your level. When your floor isn't even, it bakes evenly.

Canal Point carnival set

The Canal Point Elementary Halloween Carnival is planned for Saturday, Oct. 31.

There will be a parade and costume judging at 4:30 p.m. The costume parade will follow the judging at 5:00 p.m. A chili supper with

hamburgers and hot dogs will be served.

There will be a variety of booths with games and prizes for all, including a "water works" and spook house.

Water

(Continued from Page 1)

area.

Harvin said by the next commission meeting, he hoped to be able to report to commissioners the amount of financial participation that the developers will agree to.

In an effort to further lighten the city's financial load for South Main Street sewer planning, Harvin said that some of the preparatory work will be done "in-house" by city employees.

Briley, Wild and Associates, Inc. will be doing the bulk of planning for the improvements.

Learned from City Manager Rolfe Wagner that Florida Power and Light Company has made a proposal to replace the city's mercury vapor lights with high pressure sodium lights over the next three to five years.

The basic difference in the two systems is that sodium lights cast a yellow light, compared to a blue light thrown by mercury vapor lamps.

Sodium lighting requires less power for the same amount of light, although it may give the appearance of less light.

Law enforcement officers favor sodium lights in high crime areas because of highly defined shadows produced, he said.

Using sodium lights of the same rating as the mercury vapor lights now installed, the city could expect a power savings of \$9,554.04 a year, he said.

Approved an emergency resolution to purchase hardware and wood to construct 30 benches for the Belle Glade marina pavilion.

Cost of the materials is estimated at \$3,378.

Approved the final reading of an ordinance changing municipal sewer service rates.

Under the change, the minimum rate for consumers inside the city limits is set at \$7.55 for up to 2,000 gallons of water used.

Approved the final reading of an ordinance setting farmers market space fees at \$200 for the entire season, \$100 for Oct. 15-Feb. 15, \$100 for Feb. 15 to June 1, and \$20 for a daily or weekly permit.

Approved the final reading of an ordinance setting garbage and trash removal fees.

A fee of \$5.45 was set for non-containerized residential users.

Set new water use rates. The minimum rate for up to 2,000 gallons is \$4.20.

Approved the first reading of an ordinance lowering the occupational license fee for rental car dealers.

Proclaimed Nov. 1-7 Harry-Anna Crippled Childrens Hospital Week in Belle Glade. The hospital is a project of Florida Elks Lodges.

Made the following appointments to Citizen Participation Committee:

—Alport Advisory Committee - Clarence Kidder.

—Belle Glade Port Committee - Claude A. Tindall.

—Board of Adjustment - J. W. Perry.

—Board of trustees of Port Mayaca Cemetery - Dudley Barnes.

—Library Board - Pat Mier and Jean Connell.

—Municipal Golf Course Advisory Committee - Grant Averill, Paul Day, Frank Gillis, Jo Knight, Johnny Johnson, Charles Schiele, and Kathryn Weeks.

—Code Enforcement Board - Simon Mosely and Curtis Thompson, Jr.

—Black Gold Committee - Estella Conyers and Harma Miller.

—208 Implementation Advisory Committee - Charles Goodlett.

Tabled a discussion on adoption of a job classification and pay plan for city employees. Commissioners want to bring up the subject at a special workshop.

No injunction, harvest nears

By AILSA DEWING

The 1981-82 sugar cane harvest is scheduled to start Monday, Nov. 2, with 2,400 Jamaicans still certified for entry into the country as laborers.

James Terrill, vice president — personnel for U.S. Sugar Corp., said Tuesday that the company has been notified that the Farmworkers Rights Organization (FRO) filed suit Friday in the U.S. District Court of Appeals, but that any decision is yet to be announced.

Terrill said he has not studied the filing in detail and that he thought it would be inappropriate for him to comment on it at this point.

Asked what would happen if FRO succeeds in obtaining an injunction after the Jamaicans are in the U.S., Terrill said, "The Immigration and Naturalization Service has the authority to deny certification or to withdraw it at any time while it's in effect."

He added, however, that "we are confident and hopeful that it's not going to happen."

USSC is being represented by two attorneys, Charles Kelsa of the Atlanta, Ga., firm of Fisher & Phillips, and Charles Kline of Mershon, Sawyer & Danwoody in Miami.

The injunction sought by FRO reportedly would block the Jamaican laborers' entry by recognizing the walkout of 38 Haitians earlier this month as strikers represented by FRO as their bargaining agent. INS would then have to deny certification to the Jamaicans.

FRO contends it is not opposed to the Jamaican workers but is fighting USSC for better working conditions for all workers. However, FRO claims to have 1,600 domestic workers who could be hired for harvesting.

Budget—

(Continued from Page 1)

"I don't want to give myself a bad reputation," Terrill responded.

In other business, the council approved the principal behind a convalescence home planned by Hutton Properties, Inc.

Ray Hutton II requested the council approval so he could apply for Industrial Revenue Bonds. The council instructed Staudard to redraft the resolution so the city could not incur any debts or liabilities for the city.

The council passed a resolution offering condolences to the family and friends of Helen C. Reeves, a city employee who recently died.

BOILER PLATE

Trick or treat?

Saturday is Halloween and as tradition will have it many carnivals in celebration of the holiday will be held at local schools, churches, and parks.

Many youths will also parading in their creative and colorful costumes from door to door to gather treats or possibly some tricks from neighbors.

Let keep Halloween safe and a time of fun and give only treats instead of tricks.

In a guide released by the National Council of Child Safety Council the following hints are given to ensure a fun, yet safe, Halloween for local children.

Stay in your own neighborhood and only go to houses which have their porch lights turned on.

Never enter a stranger's house, even if invited.

Carry trick or treating bags that have handles, to keep your arms free.

At least one person in your group should carry a flash light.

Walk, do not run while going trick-or-treating.

Never eat anything until after you get home, and the treats have been examined.

Cut and wash fruit before eating, and throw away any treat which is unwrapped.

Remember to be careful, just as you are in the daytime, when crossing streets.

Automobile drivers also should take extra care in travelling the streets, especially in residential areas.

Make Halloween Safe...and be sure to watch out for the witches and goblins.

Support your local clubs, organizations and schools and attend the many carnivals that are going on in Belle Glade and Pahokee in celebration of Halloween. Canal Point Elementary School will hold its annual Carnival Saturday and it promises to be a real trick or treat.

The Glades Central Church is also planning a carnival Saturday at the Lake Shore Park in Belle Glade. Both of these organization deserve your support. Get out and join in the fun.

[Continued on Page 5]

"Inflation has really taken its toll on trick or treating."

Fighting crime

In his latest news letter, Sen. Lawton Chiles makes some valid points concerning crime in Florida and offers some possible solutions.

Chiles reports that violent crimes increased 27 percent last year in Florida. Murders were up 28 percent and robberies by 54 percent.

Frighteningly close to the Glades is the murder capital of the country, Miami. Last year's 572 Dade County murders were a 60 percent increase over the previous year.

Almost 40 percent of the people in Florida report they do not feel safe alone in their neighborhood at night.

Chiles proposes that the criminal justice system be reformed.

"There is a crisis of public confidence in the ability of our courts to handle their responsibility in our criminal justice system. Seventy percent of the American public has little or no confidence in the ability of the courts to sentence and convict criminals. Underlying this lack of confidence is the feeling that, all too frequently, the courts are more concerned with the criminal than with the victim or the safety of the community, he said.

One of the central features of Chiles' reform package is a change in the bail and bond system. Bail set for dangerous criminals - drug smugglers especially - are often woefully too low. Drug profits in Florida are estimated at \$10 billion this year. Some dealers make up to \$250,000 a month from smuggling.

"It is not surprising that the arrested drug dealer, faced with a long prison term if convicted, would rather post bail, no matter how high it is, and then never show up for trial, he prefers to take a temporary 'business loss,'" Chiles says.

Chiles has introduced a bill which would deny bail to persons charged with drug offenses who 1. Have a prior narcotics conviction, 2. Are using a false passport, 3. Are illegal aliens, or 4. Have a record as a fugitive from justice.

Chiles has also sponsored a bill requiring tougher penalties for violent crimes.

Though Chiles has not introduced legislation in other areas, he favors:

- * A review of the "exclusionary rule," which can result in serious charges being dismissed because of minor police violation of search and seizure rules.
- * Greater uniformity in sentences given by federal courts. Judges have too much discretion in sentencing. "In fact, U. S. Attorneys report that some criminals actually 'shop around' for a judge who has a reputation for being lenient," he said.
- Chiles recognizes that with 70 percent of the cocaine, 80 percent of the marijuana, and 90 percent of the illegal quaaludes entering this country through Florida, law enforcement officers at the local level are overwhelmed.

Chiles advocates using intelligence information - such as radar sightings - picked up by sensitive military equipment to be passed on to local police. Both houses of Congress have approved his proposal, which is about to be passed into law.

Chiles would also like to see the United States work with foreign countries to wipe out illegal drug crops and to have the Coast Guard take a more active role in intercepting sea delivery of drugs to Florida.

Chiles also wants to see more of the people who run smuggling operations put behind bars. Too often, they have insulated themselves from the street peddlers, who are easily replaced by other "soldiers."

The Internal Revenue Service is among the most skilled government agencies at tracking the flow of dollars, which can be expected to lead to the men at the top.

Like any other serious problem, drug smuggling too has a solution. The problem won't be legislated away. But by changing some of the ground rules and providing additional assistance to law enforcement officers, there is no reason that this problem cannot also be solved.

20 YEARS AGO
GLADES OBSERVER
NOVEMBER 2, 1961

A Cuban exile Rafael E. Fanjul spoke to the Pahokee Women's Club and gave a first hand account of "Communism Next Door." He was the general manager of Osceola Farms Company's new sugar mill and plantation on Connors Highway east of Canal Point.

A Home-Making Party was presented by Mrs. Catherine Latham and Mrs. Lottie Pierce of the home economics department of the Florida Power and Light Company at a program luncheon meeting of the Pahokee Woman's Club.

The Internal Improvement Fund Trustees and the State Board of Education jointly leased 57,554 acres of raw Glades land to a Belle Glade firm for \$374,742.55. The Belle Glade firm that secured the lease was Gladesview Sugarland, Inc. The American Red Cross gave tips on what to do if your car should go into a canal. A study was made as to what happens and how it happens when a vehicle is submerged.

30 YEARS AGO
THE EVERGLADES NEWS
NOVEMBER 2, 1931

Crosby Crews purchased the Sowder Cafe in Pahokee and was in active charge of its operation. Paul Rardin received a gold plaque by Canal Point Principal Claude Williams for the betterment of youth in the Glades. The gift came as a surprise to Commissioner Rardin who had been acting as master of ceremonies throughout the evening's Halloween carnival.

A luxuriant crop of sugar cane covering 30,000 acres of Everglades mucklands went under the knife that week according to Harry T. Vaughn, vice president and general manager of the United States Sugar Corporation.

The Pahokee Pool Room was purchased from Frock Baxter by Ira J. Frasure, Sr. The new dock in Pahokee was to be dedicated on Nov. 11, according to State Rep. B. Elliott of the committee appointed by the Rotary Club to handle arrangements.

The Pahokee Vesper Choir presented a minstrel show entitled "Charcoal Gaities of '51," in the high school auditorium.

The Belle Glade Chamber of Commerce announced that arrangements had been made for an official of the Office of Price Stabilization to be in

Pray for rain

Given the fact that Jack Maloy of the South Florida Water Management District had an unmanageable situation on his hands Thursday, he seemed unannounced in control anyway.

There he was, facing an auditorium full of thirty grocers, ranchers and community leaders and telling them that the water situation facing us is "damned serious."

Any less of a man any less in control would probably have been eaten alive on the spot.

Maloy's audience wasn't just a collection of dirt farmers. They were the leadership of a \$1 billion a year Glades agricultural community.

Maloy told them that Lake Okechobee's shrinking water resources would be doled out on a weekly basis.

When one gentleman from Pahokee stood up and said that he didn't think part of Maloy's plan was equitable, Maloy agreed with him. The audience chuckled at Maloy's candor.

The only equitable thing about a water shortage is that we all get hurt in the end.

The water shortage facing the area is more devastating than the energy crises of past years.

The sugar industry took the lead in burning cane residue to save oil. OPEC can be dealt with.

There is no OPEC of water. Either you have water or you don't. We find ourselves in the painful situation of having too little water.

The only bright spot to come out of Thursday's meeting was the fact that no immediate water cutbacks are planned for communities around the lake.

Earlier in the year, the SFWMD stumbled badly when it left stringent water controls on Glades communities, while lightening them for coastal cities.

Most of us who live here could see no logic in a system which discriminates against Glades residents who who use less water per capita than the city folks on the coast.

Then too is the fact that there are a whole lot less of us than them.

Water is a tricky business, however, and while Lake Okechobee was having trouble keeping its level up, it was monsooning in Miami and the runoff was being flushed into the ocean.

To credit, the SFWMD sat up and took notice and decided that canals leading from the lake to the city areas would be allowed to subside over the next few months. The only way they will be recharged is when saltwater intrusion becomes too great a threat.

We had a light rain earlier this week, but we need a whole lot more where that came from, aimed right at the center of Lake Okechobee.

The rain is not likely to come from modern science, or cloud seeding, but from a higher authority. Like they say, pray for rain.

Everglades History

Belle Glade on Nov. 9 to assist all merchants in their price problems.

40 YEARS AGO
THE EVERGLADES NEWS
OCTOBER 31, 1941

The Pahokee and Canal Point area was to have a pre-cooling plant to condition celery and other green vegetables that season for shipment to northern markets. It was called the Everglades Growers Co-operative.

Mayor John Dulany was the guest speaker at the luncheon meeting of the Lions club at the Woman's club house. He emphasized the necessity of the Pahokee voters going to the polls to vote on the four amendments to the city charter.

A Pahokee High School student wrote an article on how to cheat old age. According to Minnie Ruth Flowers youcar should never stop for a red light and if you don't keep your brakes tight, that's a good excuse for not stopping.

You should floor-board the accelerator on a winding road, knock other motorists off the road if they get in your way and don't let the other motorists know what your plans are concerning turning. Also in her setire she suggested that you always keep a pint of your favorite brand on the seat by you, because whose business is it if you can't see straight. It's your life.

30 YEARS AGO
THE EVERGLADES NEWS
OCTOBER 30, 1931

Population of the upper Glades section of Palm Beach County which was 8,086 under the federal census of 1930 had increased since then by a large margin in the Glades.

The Everglades News wrote that there was a need for a retail stationery store, or for an existing store to stock a line of writing paper, envelopes, card board, carbon paper, second-sheet letter heads and things like that.

A picture was printed in the news of an invention devised by the late Thomas A. Edison which pictured a "Sawgrass schooner." No machine was ever manufactured, the matter never going beyond the making of the sketch, but it was a reminder of the interest Mr. Edison always took in the Everglades.

DEBBIE QUEEN

Debbie Queen head of stabilization unit

Debbie Queen has been appointed Head Nurse of the Crisis Stabilization Unit, according to Jean Cogar, Executive Director of the Western Palm Beach Mental Health Clinic.

The CSU provides 24 hour emergency service, medical detoxification, inpatient crisis and day treatment for mental health services, according to Cogar.

"Ms. Queen is an important addition to our CSU staff and will strengthen this vital area of our program to provide quality mental health and alcohol services to the Glades area", said Cogar. Queen, in addition to her other nursing duties, is in charge of program and staff development.

Queen, niece of Jeannette and Bob Fincannon of Belle Glade, is a graduate of Presbyterian Hospital School of Nursing, Charlotte, N.C. and is licensed in North Carolina as well as Florida.

Debbie spent a year at Duke University Medical Center on the Psychiatric Unit there as charge nurse. She comes to Belle Glade from Holly Hill Hospital, a private psychiatric hospital in Raleigh, N.C. While there she served as Quality Assurance Coordinator and Team Leader as well as doing group therapy, individual therapy and some marital therapy. She is a member of the American Nurses Association.

"I hope to bring some good skills to the unit", Debbie said. "There is an excellent opportunity for personal growth and learning here. One of my goals is to help people see that it is all right to get help for emotional problems as well as physical ones."

"I am enjoying working with a staff that is more dedicated and interested in the welfare of the clients than any with which I have worked."

She also stated that she was looking forward to teaching a continuing education course on emotional problems in January 1982 at Palm Beach Junior College.

Merchants offer registration help

BELLE GLADE - Sue Bailey and Olga Hayes have been deputized by Jackie Winchester, Palm Beach County Supervisor of Elections, and will be registering voters in the Haze store on North Main Street in Belle Glade.

Voters may register at the Haze Mondays, Wednesdays and Fridays from noon to 6 p.m., according to Winchester.

According to Hayes, the store is offering the service as a community service to get more people registered.

Hayes said she speaks Spanish to assist Spanish speaking voters.

Doctors honored

PAHOKEE - The Special Education Department of Pahokee Jr. Sr. High School sponsored a luncheon, Wednesday, Oct. 21 for Dr. Jose Payabayah, Dr. William Bartley and Dr. Ahmed Barhoush in appreciation for their performing physical examinations for students participating in the Special Olympics.

Dr. Bartley received the Principal's Blue Devil Award and a special plaque for their three years of service to the students.

Dr. Barhoush received the Principal's Blue Devil Award for his services rendered to Special Education students during the present school year.

The luncheon held in the Home Economics classroom was coordinated by Miss Pat Leland, Department Head of Special Education at Pahokee High School and Clark Geland, coordinator of Special Olympics at

Pahokee High.

Also attending the affair were: Dr. John Munroe, West Area Superintendent; Robert Fincannon, Assistant Principal of Curriculum; Mrs. Jose Payabayah, and the ECE teachers of Pahokee High, Clarence Dixon, Mike McCoy, Renee Atkins and Sherri Radcliffe.

SPECIAL HALLOWEEN SAFETY TIPS!

HOWLLLLL

TO HAVE A SAFE AND HAPPY HALLOWEEN THIS SATURDAY PLEASE READ AND FOLLOW THESE SIMPLE RULES . . .

... MOTORISTS ...

Be especially observant and drive slowly through areas where children are trick or treating.

... PARENTS ...

Decorate children's costumes with reflective material or dress them in white or light colored costumes so they will be visible to motorists.

... HOMEOWNERS ...

Light the porch light or other outdoor lights if trick or treaters are welcome.

... CHILDREN ...

1. Trick or treat only in your neighborhood.
2. Watch out for cars. Obey all traffic rules.
3. Carry a flashlight and use it.
4. Walk with friends or let mom or dad walk with you.
5. Don't go into a house of anyone you don't know.
6. Don't get into a stranger's car even if you're offered candy.
7. Don't wear a mask that blocks your vision.
8. Walk on the sidewalk or the grass. Don't walk along the road.
9. Watch out for your friends and younger brothers and sisters.
10. Don't eat any of your candy until your parents have seen it.

"Have fun. Be a good goblin and don't damage other people's property."

PIGSKIN PROPHETS 1981

Glade & Grove Supply came in on top this week for the first time this season. Frank Davis, the forecaster for Glade & Grove, had a strong 10 win and 2 loss record. Brent Woodham, with Carter Chevrolet, came in second place with a 9-3 record and 60 points on the tie breaker.

Pete Shundich, manager and forecaster for Montrely TV & Stereo was next with a 9-3 record also, but 45 points on the tie breaker. Five of the remaining Pigskin Prophets had 8 wins and 4 losses and everyone else finished with 7 and 5 records. It turned out to be a weekend of upsets for everybody.

In the overall standings, Mike Norvell of C & C Supply and Mike Burkett of Lake Hardware are tied for the lead with 48 wins and 23 losses. Brent Woodham of Carter Chevrolet is one game behind in second place. All the other forecasters are very close behind in easy striking distance.

Starting this week a total of fourteen games will be used each week for the remainder of the season. This should make the contest a bit more interesting as we head toward the last half of the season.

OVERALL STANDINGS TO DATE

- C & C Supply - 48 wins 23 losses
- Lake Hardware - 48 wins 23 losses

Pahokee game photos by Phil Skinner

PAHOKEE's Jeff Mullins encounters some rough treatment from Jupiter's Chris Hill (left) and Kevin

Paradysz. Pahokee pulled a win out in overtime.

PAHOKEE's defense engulfs Jupiter's Larry Dickinson. The Blue Devils, engaged in their second consecutive overtime game, pulled out a victory Friday.

PAHOKEE had no way of defending against this pass to Jupiter's Bobby Bashwiner, but the pass attempt

was incomplete.

Devils win in overtime

By JEFF BROWN

Pahokee Blue Devil Coach Sandy Hyneman said he didn't think his team was emotionally up for last Friday's game against the Jupiter Warriors.

It took a Warrior touchdown to bring them to their senses, according to Hyneman.

Not long after the Warriors third quarter touchdown, Blue Devil Walter Johnson ran the ball in from the three yard line, and Basil Benjamin tied the game with the extra point.

The score was still tied 7-7 at the end of regulation time.

Pahokee scored quickly in the first overtime period when Paul Buxton moved the ball in from the one yard line on a fourth down play.

But before the period was over, the Warriors came back with a six point play to tie the game again.

An interception by Alvin Hill early in the second overtime period stopped a Jupiter drive, and when Blue Devil Bernard Johnson ran the ball in from the 10 yard line, putting the Devils ahead 19-13, the scoring was completed.

"If I was to single out anyone as being instrumental in our win, if you can single out anyone when so many people scored, I would have to single out Alvin Hill," said Hyneman.

Hill, who hadn't played offensively for three years, was put in the guard position due to injuries, according to Hyneman.

Walter Johnson, Bernard Johnson and Paul Buxton each scored one touchdown spiece and Basil Benjamin kicked an extra point.

Walter Johnson's three yard scoring rush was his only carry of the evening.

Bernard Johnson carried the ball five times for 57 yards and ran his six pointer in from the ten yard line.

Paul Buxton picked up 15 yards in three carries.

Jeffery Mullins, didn't put anything on the scoreboard but nonetheless led the team with 74 yards in 18 carries. Kenneth Rawls carried the ball 13 times for a pick up of 47 yards.

Antonio Wilson connected with four of his eleven passing attempts for a total of 56 yards.

Earl Sanders and Bernard Johnson each caught one pass for pick ups of 17 yards and Joe Walker caught one for 15 yards. Walter Johnson caught the other pass for a gain of seven yards.

"We were flat the first half," said Hyneman. "We weren't emotionally up for the game until after they scored. That seemed to light a fire under them."

The Devils travel to Immokalee this Friday night.

Those who plan on attending can expect a Pahokee ground attack, according to Hyneman.

"We keep it on the ground," he said. "We're not at the point where we can depend on the passing game."

JUP — Dickinson 5 pass from J. King (kick failed)

PAH — B. Johnson 1 run

PICKING UP YARDAGE on the punt return wasn't quite enough for the Raiders to stop the comeback by the Lake Worth Trojans. The Raiders lost the game 14-20 when the Trojans scored in the fourth quarter.

Raiders lose homecoming

By JEFF BROWN

BELLE GLADE — The Glades Central Raiders, after clinching the district title on the road in what was starting to seem a typical blow-out of the opposition, failed to give their Homecoming audience a similar performance last Friday night.

When the final whistle blew and the clock showed nothing but zeros, it was the Raiders looking up from the bottom of a 20-14 score. The Lake Worth Trojans had accomplished what only Fort Pierce Central had been able to do before them — beat the Raiders.

The Trojans also managed to hold the Raiders to 14 points. The Raiders haven't been held to less than 32 points since the first game of the season against Fort Pierce Central.

Defense proved to be a factor in the Raiders' loss. Trojan quarterback Rickey Pinckney escaped from the arms of Raider tacklers several times in the game and turned what could have been yardage losing sacks into yard gaining runs.

The Raiders led the game 14-12 going into the fourth quarter, but the Trojans stormed ahead with a touchdown and a two-point conversion near the end of the game.

Glades Central Quarterback Jacob Rhames moved the ball to the 28 yard line with five

Gators pound John Carroll

By JEFF BROWN

BELLE GLADE — The John Carroll Rams, who were undefeated coming into last Friday's game with the Glades Day Gators, must have left a little baffled.

They must have been baffled by the Gator offense which picked up a total of 269 yards and 10 first downs.

They must have been baffled by the Gator defense, which gave up no points, only six first downs and 144 total yards. But what probably had them

baffled more was that Gator fullback, Tobin VanScy, ran the ball 14 times, moving it 139 yards and scoring two touchdowns.

His 12 points would have been more than enough to put the game on ice. But his teammates, deciding not to leave well enough alone, scored 16 more points to win the game 28-0.

VanScy has attracted the attention of several major colleges and universities, including Clemson, the University

of Florida, Florida State University and Tennessee University.

Richard Schiele scored the first TD on a 55 yard passing play from quarterback, Raul Garcia. Todd Kroesen kicked the extra point, a performance he was to give three encores of throughout the night.

In the second quarter, VanScy scored the first of his two TDs on a one yard run into the end zone.

It wasn't until the fourth quarter that more points were

put on the board. Davy Haynes fell on a fumble which rolled into the Gator endzone, and, before the game ended, VanScy capped the evening with a 51 yard run over the goal line.

"We played a pretty good ball game," said Gator Coach Byron Walker. "I wasn't particularly pleased with the offense. Our scores came off the big plays. Still, we must have been doing something right."

Walker also said he was pleased with turnover perfor-

mance of his team. "We didn't lose any fumbles. Usually we lose two or three in a game."

The Gators travel to Westminster Academy this Friday, and Walker is optimistic about the team's chances against the 0-3 district record holders.

"We have to be," said Walker. "They don't have much this year. We'll be playing a lot of guys who haven't played much this year, trying to avoid injuries."

The Gators are already

looking forward to next week's game against Frostproof.

"Not to look past this week, but we're trying to be realistic about it," Walker said. "We'll try to finish up with a good year and hope that something happens to Benjamin."

Benjamin has a 3-0 district record which includes a victory over Glades Day.

Glades Day has a 2-1 district record and a 4-2 record overall. Both teams have district contests this week and one.

PIGSKIN PROPHETS 1981
Glade & Grove Supply came in on top this week for the first time this season. Frank Davis, the forecaster for Glade & Grove, had a strong 10 win and 2 loss record. Brent Woodham, with Carter Chevrolet, came in second place with a 9-3 record and 60 points on the tie breaker.
Pete Shundich, manager and forecaster for Monterey TV & Stereo was next with a 9-3 record also, but 45 points on the tie breaker. Five of the remaining Pigskin Prophets had 8 wins and 4 losses and everyone else finished with 7 and 5 records. It turned out to be a weekend of upsets for everybody.
Overall standings: Mike Norvell of C & C Supply and Mike Burkett of Lake Hardware are tied for the lead with 48 wins and 23 losses. Brent Woodham of Carter Chevrolet is one game behind in second place. All the other forecasters are very close behind in easy striking distance.
Starting this week a total of fourteen games will be used each week for the remainder of the season. This should make the contest a bit more interesting as we head toward the last half of the season.

Pahokee game photos by Phil Skinner

PAHOKEE's Jeff Mullins encounters some rough treatment from Jupiter's Chris Hill (left) and Kevin

PAHOKEE's defense engulfs Jupiter's Larry Dickerson. The Blue Devils, engaged in their second consecutive overtime game, pulled out a victory Friday.

PAHOKEE had no way of defending against this pass to Jupiter's Bobby Bashwiner, but the pass attempt was incomplete.

Devils win in overtime

By JEFF BROWN

Pahokee Blue Devil Coach Sandy Hyneman said he didn't think his team was emotionally up for last Friday's game against the Jupiter Warriors.

It took a Warrior touchdown to bring them to their senses, according to Hyneman.

Not long after the Warriors third quarter touchdown, Blue Devil Walter Johnson ran the ball in from the three yard line, and Basil Benjamin tied the game with the extra point.

The score was still tied 7-7 at the end of regulation time.

Pahokee scored quickly in the first overtime period when Paul Buxton broke the ball in from the one yard line on a fourth down play.

But before the period was over, the Warriors came back with a six point play to tie the game again.

An interception by Alvin Hill early in the second overtime period stopped a Jupiter drive, and when Blue Devil Bernard Johnson ran the ball in from the 10 yard line, putting the Devils ahead 19-13, the scoring was complete.

"If I was to single out anyone as being instrumental in our win, if you can single out anyone when so many people scored, I would have to single out Alvin Hill," said Hyneman.

Hill, who hadn't played offensively for three years, was put in the guard position due to injuries, according to Hyneman.

Walter Johnson, Bernard Johnson and Paul Buxton each scored one touchdown apiece and Basil Benjamin kicked an extra point.

Walter Johnson's three yard scoring rush was his only carry of the evening.

Bernard Johnson carried the ball five times for 57 yards and ran his six point in from the ten yard line.

Paul Buxton picked up 15 yards in three carries.

Jeffery Mullins, didn't put anything on the scoreboard but nonetheless led the team with 74 yards in 18 carries. Kenneth Rawls carried the ball 13 times for a pick up of 47 yards.

Antonio Wilson connected with four of his eleven passing attempts for a total of 56 yards.

Earl Sanders and Bernard Johnson each caught one pass for pick ups of 17 yards and Joe Walker caught one for 15 yards. Walter Johnson caught the other pass for a gain of seven yards.

"We were flat the first half," said Hyneman. "We weren't emotionally up for the game until after they scored. That seemed to light a fire under them."

The Devils travel to Immokalee this Friday night.

Those who plan on attending expect a Pahokee ground attack according to Hyneman.

"We keep it on the ground," he said. "We're not at the point where we can depend on the passing game."

PICKING UP YARDAGE on the punt return wasn't quite enough for the Raiders to stop the comeback by the Lake Worth Trojans. The Raiders lost the game 14-20 when the Trojans scored in the fourth quarter.

Raiders lose homecoming

By JEFF BROWN

BELLE GLADE — The Glades Central Raiders, after clinching the district title on the road in what was starting to seem a typical blow-out of the opposition, failed to give their Homecoming audience a similar performance last Friday night.

When the final whistle blew and the clock showed nothing but zeros, it was the Raiders looking up from the bottom of a 20-14 score. The Lake Worth Trojans had accomplished what only Fort Pierce Central had been able to do before them — beat the Raiders.

The Trojans also managed to hold the Raiders to 14 points. The Raiders haven't been held to less than 32 points since the first game of the season against Fort Pierce Central.

Defense proved to be a factor in the Raiders' loss. Trojan quarterback Rickey Pinckney escaped from the arms of Raider tacklers several times in the game and turned what could have been yardage losing sacks into yard gaining runs.

The Raiders led the game 14-12 going into the fourth quarter, but the Trojans stormed ahead with a touchdown and a two-point conversion near the end of the game.

Glades Central Quarterback Jacob Rhames moved the ball to the 28 yard line with five

Gators pound John Carroll

By JEFF BROWN

BELLE GLADE — The John Carroll Rams, who were undefeated coming into last Friday's game with the Glades Day Gators, must have left a little baffled.

They must have been baffled by the Gator offense which picked up a total of 269 yards and 10 first downs.

They must have been baffled by the Gator defense, which gave up no points, only six first downs and 144 total yards.

But what probably had them

baffled more was that Gator fullback, Tobin VanScov, ran the ball 14 times, moving it 139 yards and scoring two touchdowns.

His 12 points would have been more than enough to put the game on ice. But his teammates, deciding not to leave well enough alone, scored 16 more points to win the game 28-0.

VanScov has attracted the attention of several major colleges and universities, including Clemson, the University

of Florida, Florida State University and Tennessee University.

Richard Schiele scored the first TD on a 55 yard passing play from quarterback Raul Garcia. Todd Kroesen kicked the extra point, a performance he was to give three encores of throughout the night.

In the second quarter, VanScov scored the first of his two TDs on a one yard run into the end zone.

It wasn't until the fourth quarter that more points were

put on the board. Davy Haynes fell on a fumble which rolled into the Gator endzone, and, before the game ended, VanScov capped the evening with a 51 yard run over the goal line.

"We played a pretty good ball game," said Gator Coach Byron Walker. "I wasn't particularly pleased with the offense. Our scores came off the big plays. Still, we must have been doing something right."

Walker also said he was pleased with turnover perfor-

mance of his team. "We didn't lose any fumbles. Usually we lose two or three in a game."

The Gators travel to Westminster Academy this Friday, and Walker is optimistic about the team's chances against the 0-3 district record holders.

"We have to be," said Walker. "They don't have much this year. We'll be playing a lot of guys who haven't played much this year, trying to avoid injuries."

The Gators are already

looking forward to next week's game against Frostproof.

"Not to look past this week, but we're trying to be realistic about it," Walker said. "We'll try to finish up with a good year and hope that something happens to Benjamin."

Benjamin has a 3-0 district record which includes a victory over Glades Day.

Glades Day has a 2-1 district record and a 4-2 record overall. Both teams have district contests this week and one

PAHOKEE — The Florida High School Activities Association will be investigating an incident following the Oct. 16 football game between Pahokee High School and Clewiston High School, according to Fred Rozelle, Executive Secretary of the Association.

Rozelle said he will be travelling to both high schools "in the near future" to talk to the principals.

After the game, which Pahokee lost in overtime, members of each team and some of their supporters may have exchanged blows, according to Rozelle.

Rozelle is investigating the incident in addition to the officiating at the game in response to a petition he received.

Over 300 Pahokee High fans signed the petition according to Pahokee coach Sandy Hymenan.

According to Rozelle, he will be viewing game films and talking to principals of both schools. If formal action is necessary, it could include the censoring or suspension of officials or a warning, reprimand or fine to the schools involved. If the incidents were deemed serious enough, a school could be suspended or put on probation, he said.

Rozelle said there is a "slim to none" chance that the game or any portion of it will be replayed even if the officiating was poor.

"How times many do you see that happen" he asked. "You don't hear about games being played

Raiders --

[Continued from Page 7]

passes, but the time ran out before the Raiders could make any more advances.

In the first quarter, it had all the signs of another Raider blow out. Tony Moore intercepted a pass and ran it back 38 yards for a touchdown. The attempt at a two point conversion was successful and the Raiders led 8-0.

In the second quarter, the Raiders extended that lead to 14-0 when quarterback Jacob Rhames hit Eric Smith with a 19 yard pass. Smith scored but the extra point attempt failed. Before the half ended, the Lake Worth gave the Raiders a glimpse of things to come when Pinkney turned the ball over to Cleveland Western who carried it one yard for the TD.

In the third, Pinkney hit Western for a 62 yard TD pass, and in the fourth he put the Trojans ahead with a 40 yard scoring pass to Vince Brown. The successful two point conversion ended the scoring for the game.

"I don't know what it was," Raider Coach Ben McCoy said after the game. "They weren't ready to play ball yesterday. They weren't ready to play."

"They didn't execute. They didn't execute in offense, they didn't execute in defense," he continued. "We had a lot of trouble with the (defensive) secondary."

This Friday is the Raiders' final home stand of the 1981 season. They host Suncoast at 8 p.m.

First downs	9	11

FHSAA to investigate incident

over because of films."

"Films can be very misleading because of the angle," he said. "Teams use films to train because of what they reveal."

Rozelle said he is investigating the matter as a courtesy to the people who informed him of the controversy.

The petition asked Rozelle to investigate the officiating at the game, which clinched the district title for the Tigers, eliminating the Blue Devils from post-season play, but made no mention of the post-game incident, according to Rozelle.

"The officiating may or may not have played a large part in the incident after the game," said Hymenan. "I think it (the petition) was more or less a show of support for the boys at the school," Hymenan said.

PBJC--Glades celebrates United Nation Day

Story and photos by Brenda Bunting

Students and staff at Palm Beach Junior College Glades Campus enjoyed a few hours of celebration at United Nations Day.

Celebrating two days early didn't bother any of the group which gathered to enjoy an interesting program, ethnic food and musical entertainment by the band "Kash".

The welcoming address was given by Freddy Harrell, the director of student services at the college. Harrell noted that PBJC Glades has been open for four years now and a new cultural arts center will be completed in the very near future.

Alice Zecherel, librarian, said "U.N. Day has a theme, and that theme is brotherhood." She quoted such renowned people as Albert Schweitzer and Thomas Jefferson.

Teacher Sandy Richmond introduced the guest speaker, Donald Spigler, a retired foreign services officer and the president of the Palm Beach County chapter of the United Nations Association.

Spigler spoke on what is wrong and right with the U.N. He emphasized that the United Nations is the "best available method for cooling disputes and diverting war."

"It is far better for a group of individuals to develop ulcers than to have young people fighting wars," he said.

He told the group that the United Nations was far from perfect but that the world's people must try to make it more effective so that their children will have a better world to live in.

"The U.N. is not a world government and was never intended to be. It is a forum for the discussion of problems," Spigler said.

The U.N. was established in 1945 and has forestalled more than 70 serious problems, according to Spigler. "The United Nations is not the same as it was in the beginning and the world is not the same," he said. "It was founded with 51 nations, it now has 155 and many are former colonies."

"Many people argue that the United States should withdraw its financial support of the U.N.," he said, reminding the group that the ultimate recipients are the poor and needy. He stressed that 90 per cent of the work in the U.N. is done by specialty agencies. "The World

Health Organization has wiped out smallpox, thereby saving the United States alone an estimated two million annually," he said.

Other specialty agencies include the International Aviation Association, the World Weather Watch and the Food and Agricultural Agency, which has improved the quality and the quantity of food for the whole world, according to Spigler.

Spigler told the group that one of the problems with the United Nations is the method of financing it. "As it stood in the beginning, each country paid according to its ability to pay, which would have made the United States paying 49 per cent. That was reduced to 39 per cent and now it has been agreed that no country has to pay more than 25 per cent of the cost of operation."

"The United Nations has an annual operating fund of \$600 million per year, and the United States pays slightly under 25 per cent of that total or 33 thousandth of one per cent of our gross national product," Spigler said.

After comments by Spigler, Sandy Richmond recognized students who had dressed up in their native costumes. Ms. Richmond, in conjunction with Phi Theta Kappa, helped to organize the event which Mr. Harrell said he "hopes will become an annual event."

English professors Barry Russel and Robert Giraldi presented first, second and third place awards to winners in the essay contest. First place went to Beth Brooks, second place, Loretta Weeks and the third-place winner was Mary Garcia.

Students and staff then sampled ethnic dishes of Sweden, Mexico, Italy and many other countries. Guests dined on many dishes including green noodles, curried goat and a Florida dish of swamp cabbage.

During the meal, the group "Kash", under the management of Johnnie Moore entertained the crowd of more than 75 people.

Student Phillip White judged the food for most original ethnic food and awarded first place to Maria Garcia for her Mexican Chicken Rice, second place to Gloria Ullas for her meat pie and third place to Abel Otani for his congriso.

"KASH" BAND leader Johnny Wilson gathered to enjoy the food and entertainment at United Nations Day.

Beautification parade Nov. 7th

The Chamber of Commerce Beautification Committee is gearing up for its annual Beautification Parade. The parade will be held on Saturday, Nov. 7, beginning at 10 a.m.

If you are interested in being a participant in the parade, please call the Belle Glade Chamber of Commerce at 996-2745 or 996-2252.

The month of November has been declared Beautification Month by Mayor Thomas L. Altman and the Commissioners. Any person or organization who wishes to work on a special beautification project during this month, should notify the Chamber at the above numbers.

We would like to get all of the Citizens of Belle Glade involved in an effort to help beautify our ci-

ty. Several of the local merchants have agreed to give a reduction in paint and other items purchased during the month to enhance our efforts. They are Lake Hardware, Cones Paint Store and Seminole Supply.

Everyone is also invited to participate in the Slogan and Poster Contest. The winner at each contest will be given a \$25.00 Savings Bond. Slogans and posters can be turned in at the local schools or the Chamber office. All entries for these two contests must be in by October 23.

A "Tidy Tim" look-alike contest will be held on the day of the parade. Persons interested must come dressed in their costume at 8:30 a.m. on the 7th. The winner will ride on the Beautification Float.

Historical society elects officers

The Board of Directors and the officers of the Glades Historical Society met recently at the Belle Glade Municipal Library to make plans for the coming program year.

Mrs. Margaret Mosley will serve as president this year with Dr. Naomi Conley as vice-president and program chairman.

Mrs. Virginia Johannes will speak on "Early Life in the Glades" at the first meeting of the society, Thursday, November 5 at the library, according to Conley.

Johannes is the creator of the diorama "Early Life in the Glades" which was recently put on display in the museum room of the library.

Other officers of the society are: Gloria Swager, recording secretary; Clara Bedsole, correspon-

ding secretary; Frank Dooley, treasurer. David Motes and Martha Allison will begin new three year terms on the Board of Directors.

The society seeks to keep alive the history and traditions of the Glades area and Florida. The society has had republished the books of Lawrence Will, Glades historian, including "A Cracker History of Okeechobee", "Okeechobee Catfishing", "Okeechobee Boats and Skippers", and "Okeechobee Hurricane".

The society also is sponsoring the sale of Ralph W. Kidder's book, "From Cattle to Cane".

These books on various aspects of Glades history may be purchased from Pioneer Motor Sales, the Belle Glade Municipal Library, the Belle Glade Chamber of Commerce, Grant Averill, Photography in Belle Glade, The Loula V. York Memorial Library in Pahokee, the Old South Barbecue in Clewiston and Flora and Ella's Restaurant in LaBelle.

Lady Elks donate funds to hospital

The Pahokee Lopes (Ladies of Pahokee Elks), recently presented one thousand dollars to the Harry-Anna Crippled Children's Hospital, in honor of their life member, Mrs. Florence Lindrose. This presentation was made at the annual conference of the Lady Elks of Florida, which was held at Plantation, Florida.

Mrs. Lindrose is a pioneer of Pahokee, and a charter member of the Lopes, and is ninety-seven years "young". Mrs. Lindrose was very active in all the Lopes projects until declining health made it necessary for her to move to Miami, where she now lives with her daughter and son-in-law, Mrs. and Mrs. Earl Swain.

The Lopes have received a letter of appreciation from J.C. Oliver, Administrator of Harry-Anna Crippled Children's Hospital, for their support to the hospital which renders care and treatment to the youngsters of our state. This hospital is Florida Elks major project.

Title I officials to meet Nov. 12

BOYNTON—There will be a Title I District Advisory Council meeting at South Technical Education Center, 1300 SW 30th Ave., at 10 a.m. on Thursday, Nov. 12.

All parents and interested residents are invited and welcome to attend. Student gains from last year, the Program Design and Word Study Skills will be discussed.

For further information you may call: Gregory C. Belli, Parental Involvement Coordinator, Title I, at 684-5000 Ext. 5197.

BETH BROOKS receives first place for her essay.

Area obituaries

St. John observes Homecoming Day

MARGUERITE M. WEBB
Marguerite M. Webb, 78, of East 7th St., Pahokee, died Thursday, Oct. 8th. She was a native of Gadsden, Alabama and a resident of the Glades for 57 years.

Survivors include her husband, William Harold Webb, Sr.; one son, Harold Webb, Jr., Pahokee; a brother, John Floyd McFarland Jr., Gainesville; one sister, Mrs. Bartow Faulkenberry, New York, N.Y.; five grandchildren and eleven great grandchildren.

Graveside services were held Saturday, Oct. 10 at the Oak Hill Cemetery, Lakeland. Wetherington Funeral Home, Pahokee was in charge of the arrangements.

HARRIS T. MCAFEE, JR.
Harris T. McAfee, Jr., age 61, of N.W. 99th St., Miami, died Tuesday, Oct. 13. He was a native of Wilkinson County, Georgia and former resident of West Palm Beach and the Glades.

Survivors include two sons; Michael and Steven, West Palm Beach; two daughters, Susan Riggs and Lori McAfee, West Palm Beach; brothers, Julian McAfee, Jacksonville, and Herbert McAfee, Ft. Lauderdale; sisters, Evelyn McDaniel, Glenwood, Georgia; Dorothy Herring, Clewiston; and Jean Demmond, Jacksonville; two grand daughters, Crystal Everman and Tara McAfee.

Services were held Thursday, Oct. 15, 2 p.m. at the Wetherington Chapel, Pahokee with Elder Glen Shaw and Elder Julian Harris officiating. Interment was at Port Mayaca Cemetery.

Wetherington Funeral Home, Pahokee was in charge of arrangements.

ROBERT HOLMES, SR.
Robert Holmes, Sr., 83, of 1097 Belle Glade Road, Pahokee, died Monday, Oct. 19. He was a native of Uvalde, Georgia and resident of Pahokee 43 years.

Survivors include three sons: Robert Holmes, Jr., Hendersonville, N.C.; Alex Holmes, New Port Richey, and Roy Holmes, Pahokee; four daughters, Ruby Corbett, Moore Haven, Vickie Chance, Waycross, Georgia; Barbara Day, Broxton, Georgia; and Yvonne Garrett, Valdosta, Georgia; thirty-three grandchildren and 24 great grandchildren.

Services were held Thursday, Oct. 22, at the Wetherington Chapel with Rev. Ray Stedham officiating. Interment was at the Port Mayaca Cemetery.

Pallbearers were Coleman Chancey, Jerry Day, Alex Conner, Bobby Sweat, Bobby Garrett and

Tom Holmes.
Wetherington Funeral Home, Pahokee, was in charge of arrangements.

HELEN C. REEVES
Helen C. Reeves, 46, of 364 Banyan Ave., Pahokee, died Tuesday, Oct. 20. She was a native of Alabama, a resident of Pahokee for 36 years, Deputy Clerk, for the City of Pahokee and a member of the Baptist Church.

Survivors include her husband, William Reeves; daughters, Jeana Reeves and Tammy Reeves; her father and mother, Mr. and Mrs. James C. Tucker all of Pahokee; brothers, Ronnie Tucker, Atlanta, Georgia, Tommy Tucker, Pahokee, Bobby Tucker, Okesechobee; and sister, Shelby Griffin of Pahokee.

Services were held Friday, Oct. 23, at the First Baptist Church, in Pahokee with Rev. Ray Stedham and Rev. Joe Hudson officiating.

Interment was at the Port Mayaca Cemetery. Pallbearers were: Phillip Maxson, Ralph Jones, Kenny Davis, Jim Bryant, Ralph Agramonte and James Rodgers.

Wetherington Funeral Home, Pahokee, was in charge of arrangements.

SAMUEL MONAGHAN
Samuel Monaghan, 71, of Rt. 1, Cannon, Georgia, died Wednesday, Oct. 21 at Hartwell, Georgia. He was a former resident of Belle Glade.

Survivors include two sons, Robert Monaghan Jr. and Samuel Monaghan, Clewiston; and two daughters, Velma Williams of Belle Glade and Helen Agnew of Cannon, Georgia.

Graveside services were held Saturday, Oct. 24 at the Port Mayaca Cemetery with Rev. Aaron Pettit officiating.

Wetherington Funeral Home, Pahokee, was in charge of arrangements.

WILLIAM OSGOOD PRESCOTT
William O. Prescott, Jr., 52, of 200 S. E. Avenue "H", Belle Glade, died unexpectedly Sunday evening, Oct. 25, at Glades General Hospital. He was a native of Laurens County, Georgia.

He came to the Glades area 41 years ago from Dublin, Georgia. He was a member of the Community United Methodist Church in Belle Glade, a member of the Belle Glade Masonic Lodge No. 273, and a Past Master of the Belle Glade Lodge.

At the time of his death he was employed by the Wilkerson-Cooper Produce Co. as a produce foreman.

Survivors include his wife, Marcella Prescott of Belle Glade, a son, "Bill" William Osgood Prescott of Belle Glade, a daughter, Kathryn Anne Prescott of Belle Glade and two brothers, Ray Prescott of Vero Beach and Ralph Prescott of Dawsonville, Georgia.

Funeral services were held at the Community United Methodist Church Oct. 28 at 2 p.m. with the Reverend Joe Ed McGahey officiating. Active pallbearers were Perry Rigdon, Charles Hickman, Hubert Anderson, Nelson Nelsons, Charles Wilderson and Skipper Bowles.

Honorary Pallbearers were Phil Haire, Ralph Kirk, Don Aspey, and Bill Aspey.

Masonic graveside services followed at the Hillcrest Memorial Park Cemetery in West Palm Beach.

Mixon Funeral Home in Belle Glade was in charge of arrangements.

Chinese singing ambassador in concert at Alliance Church

PERLITA LIM

Perlita Lim - internationally known Chinese Gospel singer and recording artist from Los Angeles, Calif. - is in Belle Glade for a Gospel/sacred concert. Aptly known as Chinese Singing Ambassador, Perlita has circled the globe sharing the musical ministry in her unique style.

Appreciated around the world - in small village and at massive setting - Perlita has been a guest soloist at major evangelistic crusades, including Billy Graham's in the Orient, Luis Palau's in Europe. She was also featured guest soloist at the historic Congress in World Evangelization (Lausanne '74) at Lausanne, Switzerland, and at EXPO '74 (under auspices of Campus Crusade For Christ International) at Seoul, Korea, where she

Janice N. Jackson

Jackson is Miss Homecoming

Janice N. Jackson, a senior exceptional education major at Bethune-Cookman College, Daytona Beach, has been crowned Miss

Homecoming 1981-82. When not in school Janice resides in South Bay with her mother Mrs. Evelyn Jackson. A member of the

Drama Club, Gospel Choir and Religious Life Fellowship, Janice plans to attend graduate school after receiving her bachelors degree from Bethune-Cookman.

Carnival at ELMS Saturday

PAHOKEE--The Glades Alumnae Chapter and candidates of Delta Sigma Theta, Inc. will sponsor a Halloween Carnival on Saturday, Oct. 31,

at East Lake Middle School in Pahokee beginning at noon. The activities scheduled will include a haunted house, bingo, a dunking booth,

lollipop tree, basketball toss, milk bottle throw, balloon dart, duck pond, tip over the coke bottle, fish pond cube toss, cork gun shooting gallery, penny pitch, goblet toss, bottle toss, bean bag toss, crown the clown and many more events.

Food and beverages will be on sale during the carnival and there will be a special treat to get the carnival started.

Mr. Bass and the East Lake Band will be featured in a pre-carnival parade starting at 11 a.m. The community is invited to come out and enjoy the carnival.

BELLE GLADE--Candidates for membership of the Delta Sigma Theta Sorority will sponsor a community service project Thursday, Oct. 29. The candidates will

sponsor a clothing and small household appliances drive for needy Haitian families at the "Polar Bear Ice Cream Parlor", located at 212 S.W. 4th St., beginning at 4 p.m.

AKAs donate \$1,000 to reading programs

BELLE GLADE--Lake Shore Middle School students will again be participants in the Reading Is Fundamental (RIF) Program. RIF, a national program, is funded through federal funds and matching local dollars, encourages students to read.

Ms. Kathy Boswell, RIF chairperson at Lake Shore Middle School said the Mu Rho Omega Chapter of Alpha Kappa Alpha Sorority, Inc., donated \$1,000 to the school on Tuesday, Oct. 27. Ms. Boswell said \$536 will be used to purchase paperback books for the RIF Program.

"The purpose of the RIF Program is to make books available to all students. Through participation in this program Lake Shore Middle, the Alpha Kappa Alpha Sorority and RIF National offers students the opportunity to read, trade books and gain accessibility to reading material of their choice," said Ms. Boswell.

According to Principal E. A. Foley, members of the RIF Selection Committee include Ms. Boswell, chairperson, Wilma Guy, Mark Sivik, Barbara Randolph, Dorothy Ewan, Diane Bridgeman and Shirley Speaks, chairperson of the RIF Program Committee for the sorority.

In addition to the \$536 donated to RIF, the sorority, under the leadership of Mrs. Harma Miller, also contributed \$464 to purchase books to be placed in a Swap Library. This Library will be organized and functioning by the first of the year, according to Ms. Boswell. The Swap Library, another program to encourage reading, will be headed by the English Department at Lake Shore Middle School.

On hand to make the \$1,000 presentation to Mr. Foley and Ms. Boswell on Tuesday were Mrs. Cynthia Vickers, vice-president of the sorority and Mrs. Shirley Speaks, secretary of the organization.

Acceptance ceremony held for Deltas candidates

BELLE GLADE--The Glades Alumnae Chapter of Delta Sigma Theta Sorority, Inc., held an acceptance ceremony, Sunday, Oct. 11, for 15 ladies of the Glades community as "candidates for membership" of the sisterhood

of Delta Sigma Theta. Candidates for membership participating in the ceremony included Mary F. Adams, Alzora Chilos, Gail Davis, Mary Foster, Aloise Hearst, Annie P. Hill, Billie J. Jenkins, Florida B.

Johnson, Daisy Jones, Jeanette Keaton, Mary L. Rainey, Eva Reese, Mercedes Robinson, Gail Stanley and Louise E. Taylor. Also attending the ceremony were members of the West Palm Beach Alumnae Chapter, Brenda Montgomery, Mildred Peters, Stephanie Beverly and Deneal Cunningham.

Concert

(Continued from Page 10)

had the rare privilege of singing to a live audience of more than a million people.

Perlitia has toured the Scandinavian countries four times in the past three years. Her fourth gospel recording -- one side of which is in Swedish -- was recently released in Stockholm for the European market.

Concert repertoire of Perlitia is a delightful blend of the old and the new -- traditional favorites and contemporary selections. Her testimony and audience sing-along are features that make up for a refreshing Christ-centered celebration of worship and praise.

The public is invited to this unique experience in inspirational music to be held at: The Belle Glade Alliance Church, 425 E. Canal Street N., Oct. 30 at 7:30 p.m.

Zetas open Stork's Nest Center

Iota Omicron Zeta chapter of Zeta Phi Beta Sorority, Inc., Belle Glade, has recently opened its Stork's Nest Center. It is located at 1 S.W. Avenue A., Belle Glade above Cone's Paint Store. The Center's hours are from 10 a.m. - 4 p.m. on the 1st and 3rd Saturdays of each month.

The Stork's Nest is working in conjunction with the March of Dimes to help combat birth defects, and our local health care agencies here in the Glades area.

The Stork's Nest Centers objectives are to provide services in the following areas:

1. Educational Component - which is designed to help the patient-customer more knowledgeable about herself, her mate and body.

2. Informational Programs - to provide facts

about the many misconceptions and myths.

3. Instructional leadership will be provided by visiting trained experts in specialized areas along with the sponsoring group (Iota Omicron Zeta members) and its affiliates.

4. Distribution center - where items for infants and children can be purchased.

Persons who attend 4 (four) or more informational sessions will receive a "Love Gift" consisting of items found in a layette.

Referral forms may be filled out at your local Public Health Center and Planned Parenthood Agencies.

Further information may also be obtained at these agencies and members of Zeta Phi Beta Sorority, Inc.

Stork's Nest Schedule

November 7th 21st
December 5th 19th
January 2nd 16th
February 6th 20th
March 6th 20th
April 3rd 17th
May 1st 15th
June 5th 19th

Sign Language offered course

The Glades Central Community School is offering a sign language course for the public. The course will include finger spelling and sign language for everyday communication with the deaf and hard of hearing.

The 9 week course will be taught on Tuesday and Wednesday from 7 p.m. to 9 p.m., starting Tuesday, Oct. 27, in the Glades Central Annex Campus Library.

Mrs. Sandy Cook will be the instructor.

Joint ritual ceremony held

Members of Preceptor Gamma Omicron chapter of Beta Sigma Phi held a joint, formal, Order of the Rose ritual with Xi Zeta Mu chapter members at the home of Mrs. M.J. Luce Oct. 19.

Karen Corbin presided at the ritual members of both chapters participated in awarding the degree to Dee Luce, Pat Ayers, Cathy Lee, and Gene Connell.

Mrs. Jeanette Finannon, area reading supervisor, presented a program on Reading Modality and the current methods of teaching reading in the schools.

Staff photo by Alma Henry

High Fashions for the Crusade. Chris Kirchman, a junior at Glades Day School will model fashions from the Apple Green Shop at the Cancer Crusade Fashion on Nov. 3 at the Belle Glade Elks Club. The fashion show marks the second annual event held to benefit the Palm Beach County chapter of the American Cancer Society.

Juniors plan holiday events

BELLE GLADE - Members of the FFWC Belle Glade Junior Women's Club were met by witches and goblins at their October business meeting held at the home of Mrs. Cindy Baez on Tuesday, Oct. 13.

President Sharon Underwood called the informative meeting to order and many projects were discussed. The Juniors are planning a "Lunch with Santa" on Dec. 19 and the chairman was selected to head up the project.

On Oct. 27 and 28 the Home Life Department chaired by Mrs. Becky Wedgeworth gave eye screening tests at several local schools.

The Public Affairs Department chaired by Mrs. Baez will sponsor a Halloween Safety Coloring Contest

for first grade students.

The Art Department chaired by Mrs. Jennilee Threlkeld is sponsoring a Pumpkin Carving Contest to be held at the Belle Glade Municipal Library on Oct. 30.

In conjunction with the local Association for Retarded Citizens, the Juniors will provide refreshments for the annual Halloween Party at the ARC Center on Oct. 30. The Juniors are also planning to help with the Special Olympics, which will be held in Belle Glade on Nov. 14.

The October meeting program also included a movie concerning the Special Olympics.

The Juniors guest for the evening was Charlette Thompson.

Pahokee BPW Club to attend mid-year meeting

PAHOKEE - The Pahokee Business and Professional Women's Club will among the 109 BPW Clubs in Florida attending the Florida Federation of Business and Professional Women's Clubs annual state mid-year board meeting in Palm Beach Garden.

The Holiday Inn will serve as the site of the meeting which will convene Oct. 30 through Nov. 1.

Mrs. Pinnie Oliver of Fort Pierce and Miss Maureen McNulty of Pahokee are serving as chairman and co-chairman of the meeting

hosted by the District 8 clubs, which included Belle Glade and Clewiston BPW Clubs and seven other clubs.

The session will be presided over by Mrs. Mary Jim Everidge of Plant City, president of the Florida Federation of BPW.

A large session will include workshops, a banquet and a western entertainment night.

Mrs. Faith Sasser of Pahokee will be displaying her horse at the meeting.

A large attendance from the Pahokee Club is expected to attend the meeting.

Cooks Corner

CATHY COTTE

Cathy is the Glades Center Director of Planned Parenthood, a national non-profit organization dealing in family planning services. She has worked for Planned Parenthood for over a year.

Cathy is married, has two step-sons, and is expecting a child in early March. She and her husband, Jimmy, reside in Pahokee, where they enjoy fishing, hunting, and cooking.

If you can afford asparagus, try this one on your family. Cathy said this recipe is good warmed over too.

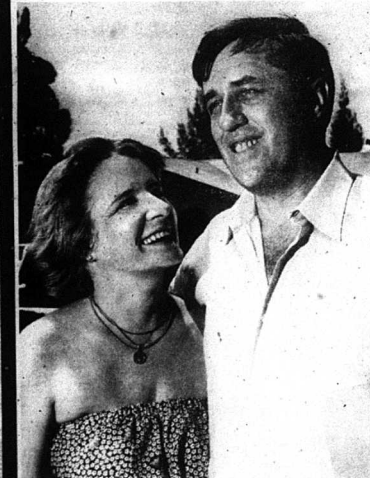

ASPARAGUS AND PEA CASSEROLE

Pam
one can asparagus spears, drained
one can Lessee early peas, drained
one 2 ounce pkg. slivered almonds
one can cream of mushroom soup
cheddar cheese, grated

Health Tips On Water

Eight are great! Eight cups of water are what you need every day. Water is the medium for virtually all the body's chemistry. It's used by your body constantly, whether you're working hard or just relaxing.

"Why spend money on electricity when you could spend it on something else?"

Watt-Wise Living™ pays. Just ask Mr. and Mrs. Renaud of West Palm Beach. They've been saving on their electric bill ever since they moved into their new home. Their average monthly bills in their centrally air conditioned four-bedroom home have been around \$80 in the summer months, \$65 in winter.

What's Watt-Wise Living? It's a combination of features that meet FPL's energy-saving standards and can be easily included in the construction of a new home. Over a period of years they can save you substantially more than they cost. Naturally, how much you save will depend on your lifestyle and conservation efforts.

Watt-Wise™ homes have cost-saving features like extra ceiling and wall insulation, solar or heat-recovery units for water heating, a higher-efficiency air conditioner or heat pump. Power savers like fluorescent lighting and a microwave oven, and thermally efficient windows and doors, with glass areas planned to minimize heat build-up.

Today, there are many ways to save on electricity without giving up comfort. You'll find them in FPL's Watt-Wise Living Program. Today, it's one of the wisest investments you could make. Stop by your local FPL office and pick up a free brochure.

Watt-Wise Living. It saves you more than it costs.
Ask your builder.

C&C prepares to celebrate first year in business

C and C Supply Company, located at Railroad Street at Avenue L in Belle Glade is preparing to celebrate its first anniversary.

The company, which specializes in industrial and commercial maintenance supplies, opened its doors last year and, according to Ralph Cook, has done well for itself and its operators, Cook of Pahokee, Mike Norvell of Belle Glade and George Solare of Pahokee.

"Business has been picking up phenomenally," said Cook, who added that the company owns a fleet of three trucks and employs ten individuals for service calls and free deliveries.

"If you call us for an order, within 24 hours, 99 per cent of the time, it will be looking at you," said Cook.

"We're open six days a week, but we can be open seven days if needed," he said, explaining that if a customer calls on a Sunday and needs something, C and C will get it to him. C and C carries a complete line of industrial and commercial maintenance equipment, including

janitorial supplies, paper products, Georgia-Carolina oil, chemicals, Delco hot pressure cleaners, wholesale hardware and general maintenance supplies.

They are particularly proud of their Georgia-Carolina oil dealership, said Cook.

Georgia-Carolina deals exclusively with a heavy duty type oil which is used by many businesses in the area, he said.

He listed several businesses in the area which use the oil.

C and C is the only business of its type in the Glades, according to Cook.

The three operators have formed a business and personal relationship which includes attending the Church of God in Pahokee together.

"We'd like to keep all the business that we do in the Glades and would like to have people give us a shot in the arm," said Cook. "We'll bend over backwards to do business with someone. We will do anything possible to match or beat any price on any given product if given the chance. All we ask is to give us the chance."

LOCAL BUSINESSMEN -- The operators of C&C Supply Co. are, from left, George Solare of Pahokee, Mike Norvell of Belle Glade and Ralph Cook of Pahokee.

Halloween safety tips compiled by local police

BELLE GLADE -- Belle Glade Police Chief D. Bill Mathis has compiled a series of Halloween safety tips for children and their parents, according to Investigator Mike Miller.

Halloween costumes should be simple, according to the tips. Long and fancy costumes could cause the child to trip.

Costumes should also be fire proof. If a child has a costume which is not fire proof, it should be treated with a solution of nine ounces of boric acid, four ounces of Borax and one quart of hot water. If the costume is saturated in the solution and allowed to dry, it will be fire resistant. The treatment will wash out in the laundry, but may be repeated as often as needed, according to Mathis.

Costumes should also be white or of light colored material for easy visibility at night. Props

such as guns or swords should be made of cardboard or styrofoam and faces should be painted with make up instead of using masks, said Mathis.

When trick or treating, parents should know the exact route their children will be taking, and they should be certain their are accompanied by a responsible adult or teenager.

They should travel in groups of four or five people and stay in their own neighborhoods, going only to houses with the front porch light on.

Trick or treaters should be for small children only. "If the child is too big to be accompanied, it is too big to trick or treat," said Miller.

Children should never eat treats until they have been examined by an adult, said Mathis.

Fruit should be cut and washed, unwrapped items thrown away and wrapped commercial items checked for tampering.

Police should be notified if harmful items are found in the treats.

Parents should not encourage their children to enter strangers' homes, said Mathis, adding they should not ask trick or treaters into their homes.

Children should carry bags with handles to keep their hands free and they should walk, not run.

Parents and home owners should turn on the porch light if it is alright for trick or treaters to visit, and they should keep their pets inside. They should give homemade treats only to children they know and commercial treats to those they don't.

Children should be reminded that it is illegal to throw any objects at moving vehicles.

"We have quite a few incidents each year," said Miller. "Not so much tampering with the treats, but throwing objects at cars."

Sewage, trash rates go up

BELLE GLADE -- Residents of the City of Belle Glade will see an increase in their November Water, Sewer, Garbage and Trash bill.

The new minimum charges will be:

Water	\$	4.20
Sewer	\$	7.55
Garbage/Trash	\$	8.10

Tax Total \$ 21.27

The City of Belle Glade has also taken over the collection of Garbage and Trash from South Florida Sanitation for N E 28th and N E 29th streets.

Residents will be charged for this service on their October billing.

Glades business review

C&C prepares to celebrate first year in business

C and C Supply Company, located at Railroad Street at Avenue L in Belle Glade is preparing to celebrate its first anniversary.

The company, which specializes in industrial and commercial maintenance supplies, opened its doors last year and, according to Ralph Cook, has done well for itself and its operators, Cook of Pahokee, Mike Norvell of Belle Glade and George Solare of Pahokee.

"Business has been picking up phenomenally," said Cook, who added that the company owns a fleet of three trucks and employs ten individuals for service calls and free deliveries.

"If you call us for an order, within 24 hours, 99 per cent of the time, it will be looking at you," said Cook.

"We're open six days a week, but we can be open seven days if needed," he said, explaining that if a customer calls on a Sunday and needs something, C and C will get it to him.

C and C carries a complete line of industrial and commercial maintenance equipment, including

janitorial supplies, paper products, Georgia-Carolina oil, chemicals, Delco hot pressure cleaners, wholesale hardware and general maintenance supplies.

They are particularly proud of their Georgia-Carolina oil dealership, said Cook.

Georgia-Carolina deals exclusively with a heavy duty type oil which is used by many businesses in the area, he said.

He listed several businesses in the area which use the oil.

C and C is the only business of its type in the Glades, according to Cook.

The three operators have formed a business and personal relationship which includes attending the Church of God in Pahokee together.

"We'd like to keep all the business that we do in the Glades and would like to have people give us a shot in the arm," said Cook. "We'll bend over backwards to do business with someone. We will do anything possible to match or beat any price on any given product if given the chance. All we ask is to give us the chance."

LOCAL BUSINESSMEN -- The operators of C&C Supply Co. are, from left, George Solare of Pahokee, Mike Norvell of Belle Glade and Ralph Cook of Pahokee.

Halloween safety tips compiled by local police

BELLE GLADE -- Belle Glade Police Chief D. Bill Mathis has compiled a series of Halloween safety tips for children and their parents, according to Investigator Mike Miller.

Halloween costumes should be simple, according to the tips. Long and fancy costumes could cause the child to trip.

Costumes should also be fire proof. If a child has a costume which is not fire proof, it should be treated with a solution of nine ounces of boric acid, four ounces of Borax and one quart of hot water. If the costume is saturated in the solution and allowed to dry, it will be fire resistant. The treatment will wash out in the laundry, but may be repeated as often as needed, according to Mathis.

Costumes should also be white or of light colored material for easy visibility at night. Props

such as guns or swords should be made of cardboard or styrofoam and faces should be painted with make up instead of using masks, said Mathis.

When trick or treating, parents should know the exact route their children will be taking, and they should be certain they are accompanied by a responsible adult or teenager.

They should travel in groups of four or five people and stay in their own neighborhoods, going only to houses with the front porch light on.

Trick or treaters should be for small children only. "If the child is too big to be accompanied, it is too big to trick or treat," said Miller.

Children should never eat treats until they have been examined by an adult, said Mathis.

Fruit should be cut and washed, unwrapped items thrown away and wrapped commercial items checked for tampering.

Police should be notified if harmful items are found in the treats.

Parents should not encourage their children to enter strangers' homes, said Mathis, adding they should not ask trick or treaters into their homes.

Children should carry bags with handles to keep their hands free and they should walk, not run.

Parents and home owners should turn on the porch light if it is alright for trick or treaters to visit, and they should keep their pets inside. They should give homemade treats only to children they know and commercial treats to those they don't.

Children should be reminded that it is illegal to throw any objects at moving vehicles.

"We have quite a few incidents each year," said Miller. "Not so much tampering with the treats, but throwing objects at cars."

Sewage, trash rates go up

BELLE GLADE -- Residents of the City of Belle Glade will see an increase in their November Water, Sewer, Garbage and Trash bill.

The new minimum charges will be:

Water	\$ 4.20
Sewer	7.55
Garbage/Trash	9.10

Tax Total \$ 21.27

The City of Belle Glade has also taken over the collection of Garbage and Trash from South Florida Sanitation for N E 28th and N E 29th streets.

Residents will be charged for this service on their October billing.

Open House

BELLE GLADE - West Technical Education Center will hold its first open house Monday, Nov. 2, from 7 p.m. to 10 p.m., according to Patricia Harrington, guidance counselor at West Tech.

The center will be open to the public during those hours, according to Harrington. This will be the institute's first open house since it opened in 1980.

Visitors will be able to observe actual classes in session, since night classes will be in progress during the open house, according to Harrington.

West Tech is operated by the Palm Beach County School Board. It is currently offering over 20 job preparatory programs of study on a part-time or full-time basis.

It also offers 26 evening programs and several mini-courses related to farm work.

Revival scheduled

Revival services will be held Nov. 1 through 6 at 7:30 p.m. at the Worship Center Pentecostal Holiness Church, according to Pastor Aaron Pettry.

The speaker will be Rev. David Sterling. The church is located at 1424 W. Canal Street, Belle Glade.

Staff photo by Brenda Bunting

SHARLAN WATERMAN tests finalists Eric Orsman from Gove Elementary, Georgina Rodriguez, Rosenwald Elementary and Sandra Moreland from Belle Glade Elementary.

Eric, finalists in the rookie division at the academic games held at Palm Beach Junior College.

Public notice

Rev. Kennedy to preach at Presbyterian Church

The Rev. John E. (Jack) Kennedy, II, a United Presbyterian Minister and linguist, will preach at the Everglades Presbyterian Church in Belle Glade, Sunday, Nov. 1 at 4 p.m.

Rev. Kennedy is now developing a new Creole literacy program in Haiti.

Kennedy, who pastored a rural congregation in Western Pennsylvania, has been involved in Creole and Spanish reading programs during vacations and study leaves in Haiti and Guatemala. From 1962 to 1968 he served as a translator with Wycliffe Bible Mramalatre, Hennes also worked with the adult literacy program in Niarobi, Kenya.

Rev. Kennedy received a B.S. degree from Carnegie Mellon University in Pittsburgh, Pa. and his Bachelor of Divinity degree from

Pittsburg Theological Seminary. He earned a Master of Arts degree in African affairs from Duquesne University, also in Pittsburgh.

Dr. David T. Evans, pastor of the host church said, "Rev. Kennedy will bring fresh and first information about this country which has had so much effect on our community in the past year. We hear only that the Haitians want to leave. Now we have an opportunity to hear what is being done to help them and perhaps to stop the flow of these people to Florida."

Rev. Kennedy's experience includes serving as translator in Ghana, West Africa and serving churches in Sudan, Kenya and Ethiopia. This work involved programs of adult literacy to teach Christians to read so that they could study the Bible.

Glades holds academic games

BELLE GLADE-Students from Belle Glade and Pahokee participated in academic games at Palm Beach Junior College on Oct. 21. The competition featured 186 students from 14 schools in three main categories.

Schools participating in the contest were Canal Point Elementary, East Lake Middle School, Pahokee High School, Rosenwald Elementary School, Gove Elementary School, Christian Day School, Glades Day School, Glades Central Community School, Belle Glade Elementary School, St. Peter's Lutheran School, Lake Shore Elementary, Lake Shore Middle School, Gladesview Elementary School.

The students were tested on their knowledge of presidents with the "Mr. President" category, "Propaganda," which tested their knowledge of the way in which public opinion is formed and "World Card" to test their knowledge of current events.

The first place winner in the Mr. President individual category was Lori Groover of Christian Day School who won in the rookie division.

In the elementary division for Mr. President the winner was Tommy Hickerson of Glades Day School.

In the middle division the winner was Thomas Tai of Pahokee High School.

In the senior division there was a tie between Sheila Chambers and Robert Tai both from Pahokee High School.

In the Propaganda contest rookie division the winner was Lori Groover from Christian Day School.

In the elementary division Matt Weeks of St. Peter's Lutheran School was the winner.

In the middle division Thomas Tai from Pahokee High School was the winner.

Senior division winner was Robert Tai, Pahokee High School.

In the World Card division the winner was Yolanda Addie of Canal Point Elementary.

In the elementary division the winner was Michael Austin of Christian Day School.

In the middle division the winner was Thomas Tai, Pahokee.

In the senior division the winner was Murray Brinson of Glades Day School.

The Glades Area Academic Games League in its third year of competition had 39 participants in the Senior Division, 42 in the Middle Division, 50 in the Elementary Division and 55 in the newly created Rookie Division.

Mrs. Sherman Waterman, Resource Teacher for the ESAA Basic Program for the West Area served as area coordinator for the Academic Games.

COC releases survey results

by Alma Henry
PAHOKEE-The Pahokee Chamber of Commerce released this week the results of a survey on telephone service which solicited the opinion of local residents and businesses.

The Chamber distributed the survey in May of June of this year and the questionnaire brought only 50 responses. Mrs. Doris Wetherington, chairman of the chamber's telephone service committee, said 34 of the responses were from phones used primarily for business purposes and 16 residential. Also of the 50 responses 31 were members of the Chamber and 19 nonmembers.

The are approximately 2,540 phones in Pahokee. The survey was distributed my mail to Chamber members only and others were voluntary participants who stopped by the Chamber for a copy of the questionnaire.

The majority of the persons completing the survey felt the quality of service by Southern Bell worsened from 1980. Twenty-two persons rated their telephone service as poor, while 15 felt it was fair. Another seven persons rated the service as good and six felt it was a disaster.

A majority of the participants also said a large part of the problem with the phone service is the failure of any of the phone equipment to operate properly, noise on the lines, overlapping of voices of other callers on the line and wrong numbers.

Twenty-three person said they would use a push button system rather than a dial on the phone if the service was available. Pahokee do not have the push button system whereas the

neighboring cities of Belle Glade and South Bay have the system.

Mrs. Wetherington said a Southern Bell representative from West Palm Beach acknowledged the Pahokee system was the oldest in the territory and that the same rates applied to all areas in the Glades.

"It appears we get a substantially different quality of service than Belle Glade-South Bay. Are we therefore subsidizing top quality service for other areas by this rate system?" said Wetherington.

The committee also acknowledge that B. Carlton White, local Southern Bell manager and other telephone officials have been very cooperative in meeting with the Chamber and its representatives since their work began, to report plans and progress for the future and current efforts to correct problems reported by customers.

White said the telephone company has set a target date for the fourth quarter of 1982 for the replacement of the old exchange equipment with modern electronic equipment.

The Committee recommended to the Chamber that a second survey be conducted, request the Public Service Commission consider in the future some rate structure plan within each area that provides allowance for the quality of service provided on some more equitable basis and that the Chamber consider sponsoring a "Business and Home Communications Fair."

Church carnival this weekend

BELLE GLADE-The St. Peter's Lutheran School's Annual Halloween Carnival is scheduled for this Saturday, October 31 beginning at 5 p.m. on the school grounds. Attractions will include a spookhouse,

jail, hayride, games and a bazaar. Various foods will be available including hotdogs, chili, hamburgers, soda, candy and candy apples.

A costume parade for pre-kindergarten through sixth grades will begin at 5 p.m. Awards will be given in the categories of Best, Halloween, Most Original and Best TV-Movie.

Belle Glade delegates attend state meeting

BELLE GLADE—Members of the Belle Glade Business and Professional Women's Club are planning to attend the Florida Federation of Business and Professional Women's Clubs annual State Mid-year board meeting on Oct. 30 through Nov. 1 at the Holiday Inn in Palm Beach Gardens.

Mrs. Fannie Oliver of Fort Pierce and Miss Maureen McNulty of Pahokee are serving as chairman and co-chairman of the meeting.

The event is being hosted by the District 8 Clubs, which includes Belle Glade, Clewiston, Pahokee, Fort Pierce, Indiantown, Jupiter, North Palm Beach, Stuart, Vero Beach and West Palm Beach.

Delegates representing 109 clubs in Florida will attend. The opening session will convene Friday, Oct. 30th at 8 p.m., with Mrs. Mary Jim Everidge of Plant City, president of

the Florida Federation of Business and Professional Women, presiding. The Saturday session and workshops will be followed by a banquet honoring Mrs. Mariwyn D. Heath, representative of the National Federation from Washington, D.C. Mrs. Heath is the official lobbyist of the National Federation for Equal Rights Amendment ratification. The final business session will convene Sunday morning.

A Country Western Night, complete with a band and real cowboys, has been planned for the Friday night entertainment.

Among those planning to attend from the Belle Glade Club are Virginia Williams, Nataliea Nachman, Jean Burns, Rickie McCoy, and Juanita Croft. Other members plan on attending the Saturday sessions and banquet.

Early life in the Glades to be topic

BELLE GLADE—Mrs. Virginia Johannes, Lanfana Artisan, will speak on "Early Life in the Glades" at the first meeting of the Glades Historical Society in the conference room of the Belle Glade Municipal Library at 8 p.m. Thursday, Nov. 5.

Mrs. Johannes and her husband recently created and put on display the diorama "Ear-

ly Life in the Glades" in the museum at the library. This diorama is a companion piece to the one on Seminole life which they also created. Both dioramas have explanatory tapes.

Mrs. Johannes studied art history and archeology at Washburn University in Tapoka, Kansas. She and her husband are noted for historical re-

search and design of panoramas, dioramas, and the sculpture of historical figures.

Mrs. Johannes and her husband have been engaged in this type of work for the past thirty years. They have traveled extensively and have visited

archaeological and historical sites, museums, and libraries throughout the states and abroad, compiling research on which to base their visual works.

The Johannes have work displayed in the Cleveland Museum of Art, the Museum of

Art and Sciences in Chicago, and James Mountain Automa. They have also done work for NASA, and the National Park Service, and architects in Palm Beach and Atlanta.

The event is open to the public.

Jr. Scouts to experience Indian culture

All junior troops in Palm Glades Girl Scout Council's 8 1/4 county jurisdiction are invited to a "Pow-Wow", an event centered on the theme of the Seminole Indian Culture.

The event will be held on Nov. 6 (6:00 P.M.) through Nov. 8 (11:00 A.M.), 1961 at Okeechobee Recreation Area located on Lake Okeechobee, Okeechobee, FL.

The event is part of the "Tapestry Program" initiated by Palm Glades Girl Scout Council to enhance multicultural understanding.

Approximately 800 girls will participate in planned workshops which aim to introduce the girls to aspects of the Seminole Indian Culture such as food, clothing, folklore, music, ceremonies, crafts, games and the out-of-doors.

On Saturday evening, the Girl Scout "family" will sit by a bonfire to join in Indian music and dancing. A total of 300 adult members and Senior Girl Scouts will assist their younger friends throughout the weekend by sharing their knowledge and experience.

Psychology course offered

BELLE GLADE—A course in "Adolescent Psychology for parents" will begin Monday Nov. 2, between 7 and 10:00 p.m. at the Glades Central Community School Annex.

Course outline will include skills and training by the Schaffer Model using LOVE Nov. 2, between 7 and 10:00 p.m. at the Glades Central Community School Annex.

The course will deal with some of the most salient and controversial social issues facing parents of adolescence children in today's society.

Because of the crucial social pressures and some negative T.V. influences that face today's youth, it is important that parents be equipped with methods in dealing with these most vital issues, and to avoid being "fired" as a parent.

It is the belief of the instructor that "many parents are blamed, but not trained." The course will begin with the child's developmental history from age 0-18 years. Technique in Behavior Modification will be emphasized.

Fall festival set

Christian Day School is planning its annual Fall Festival for October 30th on the school grounds.

A parade will begin the festivities at 5:00 p.m. and all booths will be open at 6:00 p.m.

There will be a VolleyOthon (volleyball game) in the school gym October 29 at 7:00 p.m. till 10:00 p.m.

Participants will include twelve Christian Day athletes and six Christian Day teachers. The students will be substituting throughout the 27 hours, and the faculty members will attempt to play the entire game.

Sponsoring pledges are being accepted for the faculty and students. The festival also includes hayrides, arts and crafts, apple bobbing, hamburgers, chili supper and a new "Smash-a-car" booth. The event is open to the public.

Hoopoes to speak

BELLE GLADE—David Hoopes, an Episcopal monk will be this year's Ringland Lectures speaker.

Hoopes, a prior of Holy Cross Monastery, an Episcopal monastic community in West Park, New York, will be the guest of the Episcopal Church of St. John the Apostle in Belle Glade next week.

The Order of the Holy Cross was founded in the 1880's in addition to the Mother House, there are priories in Liberia, West Africa, Canada, and California.

The Ringland Lectures begin Sunday, Oct. 25, at St. John's at 7:30 p.m. and continue through Monday and Tuesday evenings.

A nursery will be opened and attended each evening.

Hoopes will speak on "Christian Wholeness". No offerings will be received, and the event is open to the public.

Card of thanks

The family of the late Euell B. McSwain would like to express their sincere gratitude for the many act of kindness, food, flowers and visits of many friends during our time of sorrow.

Special thanks go to Alice Mixson, Dudley Barnes and Jack Shafer.

The McSwain Family

Golf tourney postponed

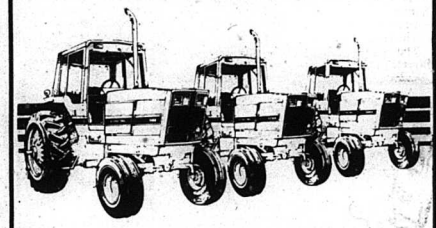

The Halloween Trick or Treat Golf Tournament scheduled for Oct. 31 at the Lakeside Country Club has been cancelled. It will be rescheduled at a later date.

Carnival planned

BELLE GLADE—The Glades Central Community High School Chorus will sponsor a Halloween Carnival at Lake Shore Park, Saturday, Oct. 31 from 10 a.m. to 6 p.m.

There will be lots of games and food for sale. The public is invited to attend.

THE NEW NUMBER ONE IS HERE!
**MORE ACRES PER HOUR,
MORE ACRES PER GALLON
IN THE SIZE YOU NEED**
135, 160, 185 PTO HP

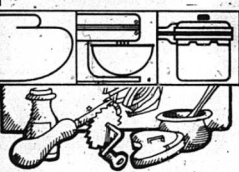

Now there's a New Number One in the size you need. With less fuel. Now with exclusive Forward Air Flow for more efficient cooling, longer engine life. The best performing tractor ever built. Here's why:
THE NEW NUMBER ONE DRIVE TRAIN. Discover the all-new advanced design drive train that features Synchro-Six shafting. Shifts with smooth, quiet precision. The only drive train with 18 fully-synchronized forward speeds. And the speeds are ideally spaced to help you cover more acres per hour.
THE NEW NUMBER ONE ENGINE. You'll find the New Number One in the size you need. 135, 160 or 185 PTO horsepower. Equipped with the power and economy of a reliable, air-cooled diesel engine. Proven in independent field tests to cover more acres per hour in less time, with less fuel. Now with exclusive Forward Air Flow for more efficient cooling, longer engine life. The best performing tractor ever built. Here's why:
THE NEW NUMBER ONE HYDRAULICS. High capacity Power Flow hydraulics supplies 67 gallons of total flow. You get 25 gallons for brush and mulch alone—delivered where you need it, only when you need it.
When you want tractor performance, productivity and reliability, you want the New Number One. An International 50 Series tractor.

YAF sets carnival

SOUTH BAY—The Youth in Action fellowship of the First Baptist Church of South Bay is sponsoring a Halloween carnival Saturday night, Oct. 30, from 7:30 p.m. to 11 p.m. on the church grounds.

The carnival will feature activities designed for children, including "Lazarus Tomb," an adventure for spirits five and under, a chariot ride for pint-sized bumps and jolts and "Fisherman's Pond". A bake sale will fea-

ture Halloween manna from candied apples to pumpkin cookies and cupcakes.

Proceeds will go for the support of the youth ministry for the coming year.

Houseman graduates

MORGANFIELD, Ky.
Corpsmember Michael Houston of 31 Davis Terrace, Belle Glade, took part in the 26th graduation exercise of the Earle C.

Clements Job Corps Center, Oct. 28. Corpsmember Michael Houston successfully completed studies in metal trades and plans a career in

the field of welding. The Earle C. Clements Center is operated by the education division of the Singer Company and it has an enrollment of 2,824.
